REPORT

by Mr. [TRUONG NGOC MINH](#)

Dr. JHONAMIE MABUHAY as Visiting Professor of IDEC, Hiroshima University

Introduction

Annually, to help the students learn more and be guided to do research, Prof. Nakagoshi invites international lecturers to visit IDEC. Currently, the N&X laboratory is honored to have Professor Mabuhay from the Mindanao State University, Marawi City, Philippines. Dr. Mabuhay will give lectures, seminars and will conduct research in our laboratory for 3 months, starting July 1, 2014 until September 30, 2014.

I am honored to be appointed as student assistant to Dr. Mabuhay during the first few days of her arrival in IDEC.

Objectives of the Professor's visit

- Improve the English ability of our lab's student.
- Give lectures to students who are studying at IDEC.
- Guide the students on ways of writing reports and layout presentation
- Conduct seminars

Schedule

1. Before June 28, 2014, with the support of Ms. Shinohara from IDEC Office, I prepared all the documents to welcome Dr. Mabuhay such as hotel booking and apartment rental.
2. On June 29, 2014, I and Mr. Beni went to the Hiroshima Airport for meet and pick up Dr. Mabuhay. Then we took her to the Toyoko-inn Hotel (a place opposite to the Saijo Station) where she stayed for 2 nights.

3. In the morning of July 1, 2014, I and Dr. Mabuhay went to apply required documents such as resident card, JP bank and Paspy. In the evening during our seminar class, she was introduced to Dr. Tran Dang Xuan, Dr. Rachmad Firdaus and all of students of N&X laboratory. After that, I and Mr. Beni took Dr. Mabuhay to her new apartment.

Conclusion

Although the time is short but we all hope that after 3 months of working with Dr. Mabuhay, we will enhance our knowledge in English language, research methods and some practical things which can be applied in our daily lives here in Japan.
